Nat'l Commission To Deal With Feds

American League Magnates Agree to Approve the Tentative Peace Plan Entered Into Between National and Federal Leagues-Gilmore Says Feds Have Certain Concrete Propositions to Lay Before Organized Ball.

meeting between representatives of conference at 9.10.

Prior to the meeting, President Gileague at 6.25 o'clock tonight it was announced that the national commission had been appointed to deal with the Federal league on the question of peace. The question will be taken up by the commission at 8 o'clock tonight and it is expected that the tentative agreement which has been reached will be ratified.

"Those men," he said, "and I guess they number 175, will have to be reinstated and given a chance to play in

The American league magnates were n session by themselves. A little later the American leaguers appeared and the representatives of the Federals and the minors were requested to withdraw while the chiefs of organized baseball conferred. Present at this conference were Messrs, Tener, John-son, Herrmann, Hempstead, Gaffney, Ruppert, Lannin, Minor, Dreyfuss and

Attorney Toole.

An agreement was reached to approve the tentative peace plan entered into between the National and Federal leagues, thed raft of which was carried to the American league in session at Chicago by Barney Dreyfuss.

The special committee appointed to confer with the Federals then was discharged and the details of peace negotiations were turned over to the national commission, composed of Garry Herrman, chairman, and Presidents Johnson and Tener. Attorney Toole.

baseball powers. After waiting some time, they declared their intention of going to dinner. They were still dining at 8.45 o'clock, three-quarters of an was almost over, when five baskets

FINANCIAL AND COMMERCIAL

MARKET WAS DEPRESSED. Largely in Consequence of the International Situation.

New York, Dec. 17.—The marke was again under the spell of depres-sion for the greater part of today' session, largely if not wholly in conequence of the international situa ion. There was no concerted sellin, uch as characterized yesterday's lat operations, but prices drifted aimless ly from sheer inertia.

Aggressive tactics were temporarily abandoned by the bears, and succonstructive forces as may have exist ed were held in restraint, pending more definite knowledge or outcom of the relations between Washingto and Vienna. Foreign selling continu ed as an aftermath of the plan of th British government to mobilize American securities, but offerings from such sources were not in sufficient volume to materially affect quote

values.

Exchange on leading European centers, was more than ordinarily son flicting. Remittances to Germany receded to within a fraction of the recent low rate, while sterling an francs shaded slightly. A new hig quotation for guilders or Dutch exchange was ascribed to the belief that Holland is now acting as the clear alues. Holland is now acting as the clear ing house for Germany and the north ern European countries as a whole.

Irregular price changes were regitered in the first hour, was issues as oils recovering one to three point over yesterday's final figures, whi ralls moved almost without defini-trend. Later the latter group be trend.

to short covering, accompanied brumors of a more encouraging character regarding the Ancona inciden Total sales amounted to 510,00 shares. The government crop report shows some light deterioration of winter wheat and other cereals, compare with preceding statement, together with a decrease of acreage. No response to this showing w

made by the granger group of rail that entire division being unusual quiescent. Anglo-French 5's were more active ranging between 94 5-8 and 95. Bond in general were lower and inactive Total sales aggregated \$4,140,000.

SERV-US MINCE MEAT

Package condensed mince meat is made up today of the best quality of dried fruit and other items which can be found, all of which are found in the United States with the exception the United States with the exception of spices and currants. The study of packing condensed mince meat has extended over a period of 100 years and today is as near its perfection as we can possibly conceive. The sanitation in the factories in which it is packed is beyond reproach as the competition today in these lines necessitates the guarding of the most minute detail of the best grade of New York State, where in our opinion is grown the best flavored apple known. The raisins used are of the best quality seeded variety. No expense is considered in procurring the very highest grade of spices, and sugar, as we all grade of spices, and sugar, as we all know, is always sugar, the different grades merely representing the differ-ent flavors or different granulation re-quired for different purposes. Every particle of fruit or any other article used in the manufacture of mince meat is thoroughly cleaned and hand-picked by people trained to know what should and should not be used and in this manner the article comes to the house-wife cleaner by far than she could possibly take the same articles in her possibly take the same articles in her own kitchen, resardless of how clean it may be, and make up the filler for her mince pie. The old idea of dirt being prevalent in quantity is today disputed by the greatest authorities on food products. The meat used in mince meat is of the choicest and today the same corn-beef which you and I would use on our table is what is being used in Serv-us Mince Meat. There are very few nies made which There are very few pies made which can be used as handly by the house-wife as mince meat for all it requires is a little water and being heated for ten minutes and it is ready for the crust and then the table and she may without feur of loss carry three or four packages of mince meat in her pantry, having it ready at any time for the chance occurrence of unexpected company and it will be a good dessert free from dirt. It is our thorough belief that a mince meat pie made from condensed mince meat is about as cheap a dessert as can be prepared and yet as good.

For many years mince meat was considered a winter dish. Each year considered a winter dish. Each year for the last ten our factory has had to increase its capacity during the summer months until today it runs every day of the year with a regular force of helpers. We ship goods to every part of the country the entire year. This of course means a great increase in the use of these goods over when mince meat was eaten only in the winter months which means an interested sale over the former winter creased sale over the former winter

THE L. A. GALLUP CO.

CHRISTMAS PRESENTS

What more pleasing and useful to man or woman, boy or maid than

Tools or Cutlery

HOUSE, IN WHICH MONEY BILLSARE BORN, WILL BE VERY BUSY

Beyond doubt the first session of the Sixty-fourth congress, assembled for the first time on Dec. 6, will fill a large place in American chronicles. History will be made in Washington, and the legislators will be among the makers. A large share of the burdens arising from our connection with the Euronean war falls on the house of **Bulletin Building**
